BUGTITETM

THE NEW HYGIENIC HOSTEL MATTRESS

NEW

Sleepite continue to innovate ..

The new **BUGTITE** mattress range has been created using the latest fabric technology to deliver a new standard in hostel bed hygiene and comfort.

Our latest innovation is the SuperSoft mattress engineered from 3 layers of high density foam to offer outstanding comfort and performance.

Our mattresses incorporate zip-on covers which can be replaced without the need to replace the mattress core. Mattress cores are made of a solid slab of fire certified (Complies to BS 7177 Medium Hazard) polyurethane foam and are designed for contract use.

Durable and practical this new standard comes at a surprisingly affordable cost.

Better still next time you can simply buy new covers and your mattresses will be like new again.

Why not contact us to discuss how we can improve your hostel standards and at the same time save you money.

HYDRO

BUGTITE HYDRO is a water and soil resistant mattresses for the hostel industry, and now our best seller.

HYDRO Mattress Ticking is a waterproof, breathable, flame retardant fabric designed for use on contract mattresses. The waterproof layer helps to extend the life of the mattress as it does not allow penetration to the core of the mattress. It has a wipe clean face and is offered in a user friendly, multi directional brush stroke design.

The fabric is treated with anti-fungal / anti-bacterial agents, designed to resist growth of MRSA, E-Coli and many other microbes.

HYDRO offers easy removal of numerous substances, including™ blood, make-up, food-stuff and oil based staining. It will not break down on contact with urine, allowing for wipe-clean / re-use.

The fabric meets the tear strength and abrasion requirements for contract upholstery and bedding fabric

We got you covered

We all know that accidents can happen. Whether it is a spilt drink or a personal mishap, having the assurance of a water resistant outer layer can help.

Our new **BUGTITE HYDRO** is both durable and practical and comes at a surprisingly affordable price.

Our mattress cover is manufactured using the latest fabric coating technology. **HYDRO** delivers a new standard in mattress hygiene and comfort.

Like our standard **BUGTITE** mattress the outer cover zip makes it easy to replace a cover when required.

mattress-specifications

Our new BUGTITE mattress range has some very clever features making it one of the best mattresses in the industry. Now you can rest assured your customers are getting a good nights sleep. Zip off covers provide extended mattress life, saving you money and extending mattress life.
