

At **SLEEPTITE**® we believe in sustainable travel and in our responsibility to leave our planet bluer, cleaner, and greener than hence we found it. We take seriously our commitment that our products and services and workplaces are environmentally, socially, and financially sustainable,

“TAKE ONLY MEMORIES,
LEAVE ONLY FOOTPRINTS”
Chief Seattle

- Our materials are sourced from suppliers who embrace the same environmental values as we do.
 - We supply only heavy duty products that rarely need to be replaced, therefore incurring, one-time welding one time powder coating, one time packing and one time delivery.
 - All our High-pressure Laminate panelling is made from recycled kraft paper - no wood is used.
 - We use recycled packaging materials with minimal use of plastics and cardboard.
 - At least 80% of our packaging has already been recycled at least once.
 - 90% our products are supplied unboxed and on pallets made from recycled **Grade A**: “Clean” recycled wood.
 - We use our pallets multiple times, and we can remove and collect pallets from customers premises (at cost)
 - Our warehouse is heated only when it goes below 0°C and only by intervention.
 - Fork lift trucks run on LPG Gas.
 - All billing and accounts to customers are paperless.
-
- All our office and janitorial supplies are sourced from a minimum of 30% recycled paper.
 - Based in Ireland we truly appreciate clean fresh air and clean fresh water
 - Together let us open our minds like we open our windows to let the fresh air in and let us not squander the limited resources we have so there is sufficient for mankind to prosper.
